C207: Data-Driven Decision Making

College: School of Business

Topics: 3

Pain Points: 8

Feedback Topics

1. Course Structure and Layout Issues – [3 posts]

Students are struggling with the course structure and layout, which affects their understanding and performance.

"This course is so poorly structured."

[Reddit post](#)

"why is the layout of this class sooooo awful!!!"

[Reddit post](#)

"I can't figure out a plan of attack for the OA."

[Reddit post](#)

2. Assessment Alignment and Expectations – [3 posts]

Students are facing issues with the alignment of practice assessments to actual tests and unclear expectations for assignments.

"I can confidently say that it does not align with the OA. The questions were worded so differently that it threw me all the way off."

[Reddit post](#)

"my revision paper got turned back saying I still wasn't answering the question."

[Reddit post](#)

"Can someone explain to me what they are looking for when it comes to data limitations?"

[Reddit post](#)

3. Grading and Performance Anxiety – [2 posts]

Students are experiencing anxiety and frustration due to inconsistent grading and poor exam performance despite studying.

"I did all of the end of the chapter quizzes and took the pre assessment and I failed again."

[Reddit post](#)

"each section bar increased a ton except the second one... I hate this class and am so tired of studying the material."
