D426: Data Management - Foundations

College: School of Technology

Topics: 7

Pain Points: 12

Feedback Topics

1. Insufficient Learning Materials – [3 posts]

Students believe that existing course materials do not support their learning and exam preparation adequately.

"Quizlets and that one Caleb Curry video is doing more work than the class itself."

[Reddit post](#)

"I feel taught me absolutely NOTHING... I know LESS than what I did when I initially took the OA."

[Reddit post](#)

"I don't find their resources to be too helpful or to prepare you for testing."

[Reddit post](#)

2. Information Overload – [3 posts]

Students are facing challenges due to the large amount of new information presented in the course.

"there is just a lot of information to remember and to me all of it is new."

[Reddit post](#)

"I am not even clear on what I should know versus all of the fluff!"

[Reddit post](#)

"Letting other peoples negative opinions affect your ability to take a simple test is stupid."

[Reddit post](#)

3. Assessment Difficulty and Study Requirements – [2 posts]

Students are struggling to meet assessment expectations, leading to extensive study demands.

Generated July 26, 2025 | Report v1.0 | AI-generated — may contain inaccuracies

"the wording on the OA's can be tricky, non-standardized terms and sometimes confusing."

[Reddit post](#)

"The key to passing this class is studying the ZyBook over and over until it becomes second nature."

[Reddit post](#)

4. Course Complexity and Time Commitment (*Emerging*) – [1 posts]

Students feel overwhelmed by the complexity and time requirements of the course, especially with new content.

"I have heard Applications and Data Admin are hard as hell though and nightmare classes."

[Reddit post](#)

5. Lack of Course Updates and Resources (*Emerging*) – [1 posts]

Students are finding outdated resources and lacking access to essential course materials, leading to frustration.

"a lot of the courses have been updated... Course Chatter is gone, a lot of the new courses have their course resources empty."

[Reddit post](#)

6. Technical Issues During Exams (*Emerging*) – [1 posts]

Students are encountering technical issues that disrupt their exam experience and negatively impact performance.

"I encountered a 'FORBIDDEN' error and shouldn't have been able to move forward with the test."

[Reddit post](#)

7. Distractions During Exams (*Emerging*) – [1 posts]

Students are facing distractions during exams that hinder their focus and concentration.

"I was getting pop-ups that were distracting the hell out of me for the whole exam."
