Pain Points: 4

Feedback Topics

1. Difficult Course Material (*Emerging*) – [1 posts]

Students feel overwhelmed and frustrated by the increasing difficulty of course material over time.

"The second attempt felt way harder than the first and had a bunch of stuff I don't remember seeing when studying."

[Reddit post](#)

2. Confusing Question Wording (*Emerging*) – [1 posts]

Students struggle with unclear or confusing question wording, which negatively impacts their performance.

"incredibly confusing question wording."

[Reddit post](#)

3. Unengaging Material (*Emerging*) – [1 posts]

Students find course material to be excessively dry and lacking engagement.

"The material is the driest material I have had for a class to date."

[Reddit post](#)

4. Outdated Course Content (*Emerging*) – [1 posts]

Students are frustrated by assessments based on an outdated version of software that is not relevant to current practices.

"why not test on the newest version of this database that we actually have a chance at working with, not something deprecated 2+ years ago."
