D336: Business of IT - Applications

College: School of Technology

Topics: 4

Pain Points: 6

Feedback Topics

1. Insufficient Depth in Course Materials – [3 posts]

Lack of coverage of key topics in course materials leading to confusion and low exam performance.

"I don't feel tht they provide enough information... a lot of things were missing like change enablement, supplier management, incident management, monitoring and event management."

[Reddit post](#)

"I was scoring so good on the practice exams too, I'm not sure what happened."

[Reddit post](#)

"D336 does the cybervista prep actually help?"

[Reddit post](#)

2. Impact of Certification Scores on Career Opportunities (*Emerging*) – [1 posts]

Concerns about how low passing scores on certifications can influence future job applications.

"I am wondering tho with these certifications have a low passing score like my 65% will it show up when apply to jobs."

[Reddit post](#)

3. Engagement and Success Strategies in Course Content (*Emerging*) – [1 posts]

Boredom with the course content leading to uncertainty about how to succeed.

"This is so boring. Anyone have any tips on how to pass this cert?"

[Reddit post](#)

4. Delays in Test Result Recognition (*Emerging*) – [1 posts]

Delays in the recognition of test results impacting students' progression.

"WGU seems to still think I have not taken the test."
