### Feedback Topics

#### 1. Understanding Course Material and Exam Alignment – [5 posts]

Students struggle with the alignment of course materials and exam content, leading to confusion and difficulty in assessments.

"I have an extremely hard time comprehending what they're asking in the word problems."

[Reddit post](#)

"Induction on the exam is a bit more difficult than what the practice problems offer."

[Reddit post](#)

"I was so overwhelmed I could barely breathe looking at the material."

[Reddit post](#)

"I think the books are a waste of time and the worksheets are more impactful."

[Reddit post](#)

"The Zybooks are terrible... they're worthless."

[Reddit post](#)

---

## 2. Difficulty with Course Difficulty and Time Management – [4 posts]

Students find the course unexpectedly difficult and struggle with time management during assessments.

"this test was way more difficult than I'd expected."

[Reddit post](#)

"the questions didn't even have topics I covered with the instructors."

[Reddit post](#)

"Running out of time made me rush Probability and Modeling Computation."

[Reddit post](#)

"This class was such a pain and by far the most difficult OA I've taken so far at WGU."

[Reddit post](#)

---

## 3. Conceptual Understanding of Algorithms – [1 posts]

Students have difficulty applying theoretical concepts to practical problems, particularly in algorithm analysis.

"It's just not clicking... when I'm given questions regarding Big O Notation does it not click well."

[Reddit post](#)

---

## 4. Intimidation and Study Habits – [1 posts]

Students feel intimidated by the complexity of the material, which affects their study habits and motivation.

"I was putting off studying, being intimidated, and generally trying to AVOID THIS CRAP AT ALL COSTS."
