D197: Version Control

College: School of Technology

Topics: 3

Pain Points: 14

Feedback Topics

1. Version Control Confusion – [4 posts]

Students are struggling with version control concepts and instructions, leading to confusion and inability to complete tasks.

"Can I go back and create new working branch? Because I messed up so bad."

[Reddit post](#)

"It means I can't finish my assessment."

[Reddit post](#)

"I misread the test branch section and now I don't think I can create the merge conflict properly."

[Reddit post](#)

"I'm really confused"

[Reddit post](#)

2. Instruction Clarity Issues – [5 posts]

Students are facing difficulties due to vague or unclear instructions regarding tasks and repository management.

"I hate the vagueness in this task, they don't even give us a general direction with it."

[Reddit post](#)

"I've been having trouble trying to clone this repository and I keep getting this message."

[Reddit post](#)

"The evaluation says 'The modification of the working readme.md "git add" command is not seen.'"

[Reddit post](#)

"my CI has no open appointments for almost another 2 weeks."

[Reddit post](#)

"the instructions are a little outdated because the screenshots from the guide and what is actually on GitLab are not the same."

[Reddit post](#)

3. Access and Permission Problems – [5 posts]

Students are encountering issues related to access permissions and technical errors when trying to use course resources.

"I keep getting the 'could not be found or you don't have permission to view it' error."

[Reddit post](#)

"Getting a 404 page not found error when clicking on my repository link."

[Reddit post](#)

"I've made multiple appointments with CI's and nobody could help me."

[Reddit post](#)

"The course materials are, as usual from WGU, completely useless."

[Reddit post](#)

"I can't seem to find these videos anywhere."
