### Feedback Topics

#### 1. Engagement with Course Content – [2 posts]

Students find the course content unengaging and struggle to maintain interest.

"Heard it is a tough class because of the poor materials provided."

[Reddit post](#)

"the content is just super boring to me."

[Reddit post](#)

---

#### 2. Course Difficulty and Overwhelm – [2 posts]

Students perceive the course as extremely challenging and feel overwhelmed by its demands.

"D276 is a piece of... Something horrible. Worse than 💩. Passed on my first attempt, but I was fighting for my life!"

[Reddit post](#)

"these PA guidelines seem vague and I have no idea what they want. There are also no examples."

[Reddit post](#)

---

#### 3. Exam Preparation Challenges (*Emerging*) – [1 posts]

Students are struggling to pass the exam despite using a variety of study resources.

"I've been studying using everything from YouTube videos to quizzets to w3school and I keep failing the exam."

[Reddit post](#)

---

#### 4. Self-Paced Learning Difficulties (*Emerging*) – [1 posts]

Students are finding self-paced learning challenging due to lack of prior experience in web development.

"I have discovered I am not very good at this self paced stuff haha."

[Reddit post](#)

---

#### 5. Feelings of Overwhelm and Comparison (*Emerging*) – [1 posts]

Students feel overwhelmed and stuck, often comparing their progress negatively to others.

"Really sucks see people finishing classes in 3-5 days but here I am stuck with a class for 2-3 weeks."
