D522: Python for IT Automation

College: School of Technology

Topics: 6

Pain Points: 6

Feedback Topics

1. Assessment Anxiety (*Emerging*) – [1 posts]

Students are anxious about assessments not reflecting their preparation, leading to fear of underperformance.

"I just fear that I've memorized what was on the pre-assessment and will freeze when I'm faced with something different."

2. Lack of Assessment Transparency (*Emerging*) – [1 posts]

Students are confused about their assessment results due to lack of detailed feedback or reports.

"I'm highly confused as to how I would be issued a No Pass with no score report to show."

[Reddit post](#)

3. Perceived Lack of Preparation (*Emerging*) – [1 posts]

Students feel inadequately prepared for assessments despite significant study efforts.

"I've been studying non stop and yet it wasn't enough."

[Reddit post](#)

4. Course Enrollment Confusion (*Emerging*) – [1 posts]

Students are unclear about the status of courses in their degree plan, leading to confusion regarding their academic path.

"I noticed the D522 python for IT automation class is gone."
