### Feedback Topics

#### 1. Exam Confusion and Clarity – [3 posts]

Students are confused about exam criteria, unexpected endings, and terminology, leading to uncertainty in performance.

"I've seen 3 competent and one approaching passing. Then I've seen someone else had exemplary and three approaching and passed."

[Reddit post](#)

"I didn't get any score or confirmation of a pass or fail and thought it was weird that it ended so early?"

[Reddit post](#)

"will the terminology hurt me on the exam."

[Reddit post](#)

---

#### 2. Course Material Engagement – [2 posts]

Students find the course materials and delivery style unengaging, impacting their focus and understanding.

"there's so many dang acronyms it's actually ridiculous."

[Reddit post](#)

"I can not stand his voice, I tend to just read the CC or the side text."

[Reddit post](#)

---

### 3. Content Depth and Clarity – [2 posts]

Students feel the course material lacks depth and clarity, particularly regarding specific topics like CISSP domain 8.

"IT DO NOT GO INTO DEPTH ENOUGH FOR YOU TO PASS."

[Reddit post](#)

"The wording on this exam is stupid."
