Pain Points: 8

Feedback Topics

1. Assessment Confusion – [3 posts]

Students are confused about the differences and expectations between practice assessments and official assessments.

"did anyone have a duplicate question on the OA? Or questions that were on the PA but not on OA?"

[Reddit post](#)

"the questions on the PA are somewhat similar to the OA, but when I code the question on the PA I get it right but when I code it on the OA they mark it wrong."

[Reddit post](#)

"when I run the code I always get some parse error, but on the PA it runs fine."

[Reddit post](#)

2. Preparation Anxiety – [2 posts]

Students feel unprepared for the official assessment despite feeling ready, leading to anxiety about passing criteria.

"I couldn't figure out how to get passed an input error."

[Reddit post](#)

"Does anyone know how many questions you can miss and pass?"

[Reddit post](#)

3. Grading Clarity – [2 posts]

Students are frustrated with unclear grading criteria in pre-assessments and struggle with understanding course content.

"they don't tell you what they are actually looking for."

[Reddit post](#)

"I'm having trouble for some reason comprehending all of this math crap that zybooks is teaching."

[Reddit post](#)

4. Question Clarity – [1 posts]

Students are confused about specific questions in the course, leading to failure.

"I am still confused with that question."
