### Feedback Topics

#### 1. Technical Setup Issues (*Emerging*) – [1 posts]

Frustration with compatibility issues in the course's technical environment, specifically related to the MySQL setup.

"it's impossible to add the MySQL DB connection because VS 2022 isn't compatible with the connector they installed."

---

#### 2. Instruction Clarity (*Emerging*) – [1 posts]

Struggles with unclear instructions leading to authentication errors in the course.

"I need to change my authentication method to 'my\_native\_password' but that seems to be disabled."
