D600: Statistical Data Mining

College: School of Technology
Topics: 1
Pain Points: 3

Feedback Topics

1. Understanding Technical Concepts – [3 posts]

Students are struggling with the application of technical concepts and the clarity of explanations in the coursework.

> "I can't edit, commit, message, or push individual bits of code because the file is so long and incomprehensible."
> [Reddit post](#)
> "What is the point of the linear regression, or did I possibly make a big mistake?"
> [Reddit post](#)
> "I have been habitually searching terms from the tasks lately because I know that I'm gonna run into them unexplained in the coursework."
