D333: Ethics in Technology

College: School of Business; School of Technology
Topics: 5
Pain Points: 11

Feedback Topics

1. Assessment Misalignment – [5 posts]

Students are experiencing confusion and frustration due to misalignment between assessments and course materials.

> "I feel like a large portion of the questions had nothing to do with ethics or the content taught in the course."
> [Reddit post](#)
> "none of the content on the study guide aligned with the content on the OA."
> [Reddit post](#)
> "I'm also a little confused why an ethics test asked me what Cisco Certification required an in-person exam."
> [Reddit post](#)
> "I find that some of the notions seem similar."
> [Reddit post](#)
> "this class has been changed to a performance Assessment? It's no longer an Objective Assessment."
> [Reddit post](#)

---

2. Preparation Challenges – [3 posts]

Students are struggling to prepare effectively for assessments, leading to repeated failures.

> "failed D333 OA for the 3rd time… this has been the most frustrating class/experience."
> Reddit post
> "can anyone help me on ways I can better study and prepare for the exam."
> Reddit post
> "I studied everything they give in supplemental resources."
> Reddit post

---

3. Engagement with Course Materials – [1 posts]

Insufficient engagement with course materials is impacting students' performance on assessments.

> "I did not read any course material."
> Reddit post

---

4. Confusion Over Course Format – [1 posts]

Students are confused about the course assessment format and changes, leading to uncertainty.

> "I logged in today and saw that it's still showing as an OA... I emailed my mentor asking about it and all he said was 'We have not had a meeting about this update at this time'."
> Reddit post

---

5. Confusion in Ethical Scenarios – [1 posts]

Students are confused about the ethical implications of scenarios presented in assessments.

> "I am a bit confused, I think I understand the answers but not 100% sure."
> Reddit post
