D277: Front-End Web Development

College: School of Technology
Topics: 5
Pain Points: 14

Feedback Topics

1. Technical Issues with Tools and Platforms – [3 posts]

Students are facing technical difficulties with tools and platforms required for the course, leading to frustration and confusion.

> "My GitLab Page link keeps throwing a 404 error."
> [Reddit post](#)
> "it keeps saying permission denied. I looked it up but still can't figure it out."
> [Reddit post](#)
> "I'm having an issue with literally very pipeline failing after I commit in VSCode."
> [Reddit post](#)

---

2. Unclear Requirements and Evaluation Criteria – [6 posts]

Students are confused about the requirements and evaluation criteria for assessments, resulting in uncertainty and repeated revisions.

> "I'm not sure how much they are looking for."
> Reddit post
> "What pages do I do these requirements for?"
> Reddit post
> "the way my file structure was the evaluation team sent back again because the file path for css wasn't exactly the same as the hosted version."
> Reddit post
> "it was just sent back again for revision because the evaluators are trying to grade a previous submission!"
> Reddit post
> "Are evaluators off because of Memorial Day weekend or can it take longer than estimated date?"
> Reddit post
> "I would hate to submit this project, have to wait three days to hear that nonsense over just a navbar."
> Reddit post

3. Lack of Support and Guidance – [3 posts]

Students feel overwhelmed and discouraged due to insufficient support and guidance from instructors.

> "Every time I try to do it on my own, it's a massive failure."
> Reddit post
> "I have just had my 5th attempt to get instructor help flaked on."
> Reddit post
> "I don't know where to begin."
> Reddit post

4. JavaScript and Coding Challenges – [1 posts]

Students are struggling with specific coding challenges, particularly related to JavaScript validation and starting coding tasks.

> "I've been having so much trouble getting my JavaScript to check that the emails in my HTML form match and display results."
> Reddit post

5. Hosting and Submission Issues – [1 posts]

Students are encountering issues with hosting services and submission processes, leading to errors and frustrations.

> "trying to use the hosting services they want you to use is garbage."
> Reddit post
