D276: Web Development Foundations

College: School of Technology
Topics: 4
Pain Points: 7

Feedback Topics

1. Exam Preparation Challenges – [2 posts]

Students are struggling to pass the exam due to inadequate study resources and support.

> "I keep failing the exam any recommendations on how I can pass this course ??"
> [Reddit post](#)
> "Heard it is a tough class because of the poor materials provided."
> [Reddit post](#)

---

2. Self-Paced Learning Difficulties – [2 posts]

Students are having trouble with self-paced learning and time management.

> "I have discovered I am not very good at this self paced stuff haha."
> [Reddit post](#)
> "Really sucks see people finishing classes in 3-5 days but here I am stuck with a class for 2-3 weeks."
> [Reddit post](#)

---

3. Engagement and Content Quality Issues – [2 posts]

Students find the course content boring and are concerned about the quality of materials.

> "the content is just super boring to me."
> [Reddit post](#)
> "Heard it is a tough class because of the poor materials provided."
> [Reddit post](#)

---

4. Project Guidelines and Support – [1 posts]

Students feel lost and unsupported due to vague project guidelines and lack of examples.

> "these PA guidelines seem vague and I have no idea what they want. There are also no examples."
