D278: Scripting and Programming - Foundations

College: School of Technology
Topics: 4
Pain Points: 5

Feedback Topics

1. Lack of Track Assignment Clarity – [2 posts]

Students are frustrated by unclear communication regarding track assignments and course planning.

> "Can my mentor just assign me to the C# track on the 1st? Apparently she cannot see my degree plan until then either."
> [Reddit post](#)
> "the browser we are supposed to use stopped functioning properly."
> [Reddit post](#)

---

2. Confusing Course Assessments *(Emerging)* – [1 posts]

Students find the questions on the online assessments vague and not aligned with the learning materials.

> "Some of these aren't even written like this in the zybooks for learning nor the cohorts I've seen. It's very vague."
> [Reddit post](#)

---

3. Difficulty with Course Material *(Emerging)* – [1 posts]

Students are struggling to follow the course material presented in Zybooks and seek alternative resources.

> "I'm struggling following along with the Zybooks."
> [Reddit post](#)

4. Confusion with Technical Tools *(Emerging)* – [1 posts]

Students are struggling to understand how to properly use technical tools and resources, leading to confusion and a desire for additional tutorials or support.

> "Wish they had a video tutorial so I can understand what I'm messing up."
> Reddit post
